

ZENADIR

Tax Advantages from Donations

HELPING ZENADIR IS CONVENIENT.

ZENADIR is an ETS (Third Sector Entity D. Lgs. 117 of 03/07/2011) 7, therefore individuals and companies that donate can benefit from the tax concessions provided by the law.

INDIVIDUALS

From 01 January 2018, tax deductions for personal income tax (IRPEF) for cash donations (NOT cash, but traceable means of payment such as bank transfers, checks, credit cards, etc. etc.) or to ZENADIR can be made, for an amount not exceeding € 30,000 euros in each tax period.

COMPANIES / BODIES / INDIVIDUALS (alternative regime to the previous one):

From 01 January 2018, the new version of the "more you give, less you pay" rule makes its debut: cash donations (NOT cash, but traceable means of payment such as bank transfers, checks, credit cards, etc.) or to ZENADIR, are deductible from income within the limit of 10% of the total declared income (the limit of € 70,000 no longer exists).

Attention: the tax benefits cannot be combined with each other. To choose the type of tax break that is most favorable for your income, you may need the support of a tax consultant (CAF or other). To benefit from tax concessions, cash donations made by Individuals or Companies must be made with payment methods other than cash.

Always remember to specify your information if you want to have the donation receipt from ZENADIR.
